Temescal Gateway Park Park Management Plan Process

December 2, 2008

Purpose of the Plan

Provide a Comprehensive Management Plan

- **Provide a framework for how the park and its resources will be protected, improved, and operated over the next 10-20 year planning period.**
- **Consistent with the mission of the Conservancy / MRCA and the original purpose of establishing Temescal Gateway Park.**
- **Guide the Governing Boards of the Conservancy and MRCA on future implementation of park facility and program improvements.**

Objectives of the Plan

- **Protect and enhance the significant cultural and natural resources of the park.**
- **Understand current and future trends in public demand for recreational resources.**
- **Identify park facility and program improvements necessary to enhance access and recreational opportunities.**
- **Facilitate increased level of accessibility for all users.**

Public Involvement

Community meetings and public comment

- **Assist in shaping overall goals and objectives of the plan.**
- **Alternative approaches and ideas for accomplishing plan goals.**
- **Range of environmental and socioeconomic issues that need to be considered.**
- **Information and special studies that need to be considered.**

Planning Process

- **Collection of information**
- **Public Scoping / Kick-off Meeting**
- **Draft Park Management Plan**
- **Public Review / Comment Meetings**
- **Revised Draft Park Management Plan**
- **Conservancy / MRCA Board of Directors review of Revised Draft Park Management Plan**
